

NOXTRAIN

– Press kit –

Band description	<p>Noxtrain is from the Copenhagen area and plays grunge-inspired hard rock, somewhere in the lines of Alice In Chains, Staind, and Live. The debut album 'Novegon' was released in 2013, followed by a live album in 2015. Latest release was 'Into the Woods' from September 2017. Though inspired by the grunge rock, Noxtrain's sound span from pop rock to metal.</p> <p>From GFRock (freely translated): <i>"Noxtrain's sound is characterized by elements of the many last year's hard rock, from regular hard rock to something approaching metallic sounds. But it is the grunge, that seems like the most inspired source."</i></p>

Reviews	<p>MusicEmissions: <i>"...Noxtrain is like a trip down radio stations from 1993 to 2013..."</i> <i>"The production values are top-notch for an independent release..."</i></p> <p>Full review available at: http://www.musicemissions.com/artists/albums/index.php?album_id=17293</p> <p>GFRock (freely translated): <i>"...the band delivers some damn catchy songs, with catchy melodies that almost stumble on each other in the line of hit potential."</i> <i>"...because the songs are never less that rock solid all the way through."</i> <i>"Good old-school grungy weltenschmerz..."</i></p> <p>Full review available at: http://www.gfrock.dk/noxtrain-novegon-46/</p> <p>Emergenza (freely translated): <i>"Noxtrain ended this Friday with a real round of hard rock/metal for Rust. The sound of heavy, tight riffs filled the room and was delivered with loads of energy, that became the trademark of the band on this night, where they delivered a set with lots of power. A perfect match to end this wonderful night at Rust..."</i> <i>"Next band was Noxtrain that – shortly said – delivered a hot round of hard rock for the</i></p>

	<p><i>house. Heavy, hard and in your face of the Ll. Vega audience, that cheerfully took the band in. Punchy riffs, good melodies delivered convincingly by the four guys on the stage this night. The energy was in the lead during this exciting set from Noxtrain."</i></p>
